About Me

I am 23 years old and I am very interested in programming. That is why I chose this profession. My future goal is to innovate in this field and introduce new technologies to the world.

Experience

Rounded LLC

2022

React developer

I have been working as a Front-End programmer at Rounded LLC for 5 months. I have worked on more than 4 real projects, which are related to React and Next.js.

Freelance

2020 - 2022

Front-end developer

I joined the group as a front-end developer creating a custom site from the Teamwork platform

Smart study

2020 - 2021

Front End Mentor

I worked in the front end direction at the Smart study training center for 6 months

Education

Bachelor's Degree, MDIST Bangor

Computer Information System in Business 2019 - 2023

I am currently a junior student in Computer Information System in Business at the Management Development Institute of Singapore in Tashkent
